# ACTION OF OFFICIALS RATIFIED BY MINERS

### Charleroi Coal Mine Employees Hold Meeting Last Night

### DISTRICT OFFICIALS HERE

### Cincinnati Agreement Thoroughly Explained by Vice President and Organizer

The miners employed at the Charleroi Coal mines by a unanimous vo' last night, at a meeting held in Concordia Hall, ratified the action of the district officials in reaching agreements with the operators of the Charleroi Coal works, whereby the miners return to work on Monday morning. Present at the meeting were Van Bitner, vice president of the Pittsburg district, United Mine Workers, and George Gouzzie, a deputy organizer. Both made talks, explaining the Cincinnatti agreement by which the mines of Western Pennsylvania are resuming work.

The miners of the Charleroi works would like to return to the use of black powder, and if the State Department rescinds its ruling in regard to the use of permissible explosives may seek to turn away from the use of carbonite. For the present, however, carbonite will be used.

The miners of the Pittsburg Coal company have not yet returned to work, agreements not having been reached. Francis Feehan, the president of District No. 5 yesterday stated that about 8,000 men in this district had returned to work, and that he expected 20,000 to return next week.

## Has Been in Business Here for Five Years

Today marks the opening of one of the most modern and up-to-date pool and billiard establishments ever conducted in Charleroi. Mr. Umble has been a resident of Charleroi for 13 years and during the past five years was a member of the well known grocery firm of Umbel Bros. of Fallowfield avenue.

The new establishment just opened has been newly furnished and decorated throughout and everything is bright and attractive. The equipment embraces five new pool tables and one billiard table, besides all the modern and up-to-date accessories.

The place has many patrons today, and bids fair to become one of the most popular amusement resorts in the town. 210t1

### Thirty-Five of Local Instructors Make a Profitable Trip Down River

Thirty-five of the teachers of the Charleroi schools with Superintendent J. G. Pentz at the head went to Donora yesterday, where they visited the Donora schools. The party went down on the 3:28 train leaving Charleroi and returned on the 5:18 train. The Donora schools held their Parents Day yesterday, and in the different buildings, there were displays something similar to those of the Charleroi schools a week or so ago, when Display and Parents' Day was held. The Charleroi party visited all the rooms in the Fifth street and all in the Castner school buildings, the trip being a profitable one. Prof. O. E. Rose, is the supervising principal of the Donora schools.

## LECTURES ON "JEAN VALJEAN"

One of the most pleasing lectures ever heard in Charleroi, was given by Dr. Witherspoon, pastor of the Emory M. E. church of Pittsburg, before the Athene Club, which was entertained at its final literary meeting of the year yesterday afternoon by Miss Minnie Richardson. The club had as its guests the Friday Conversational Club of Monongahela which attended in a body, and members of California, Canonsburg and Donora clubs.

Dr. Witherspoon lectured on that noted character of Victor Hugo's, "Jean Valjean," in his masterpiece, "Les Miserables." The speaker paid a glowing tribute to Hugo as an author and deep thinker, and then taking up the discussion of "Jean Valjean," whom he pictured as one of the most loving characters in literature, but at the same time one of the most misunderstood. Dr. Witherspoon has several lectures, but the one given yesterday afternoon is considered one of his best. He impressed the club women as a profound thinker and deep student and is a most pleasing speaker.

Baker of the Retail Clerk's Union, a personal friend. Franks is scheduled to appear on Fifth street this afternoon and evening in an easy performance. He will lift safes, pull a team of horses, play a jack for an automobile, and accomplish other easy stunts.

# WORK CAR, BEYOND CONTROL, RUNS INTO PASSENGER CAR AT THE LOCK

### Wrecks Rear End of Latter, and Gives Passengers Good Shaking Up---No One Seriously Hurt.

The Pittsburg-Charleroi car due in Charleroi at 3:45 o'clock, through a work car getting away on Lock Hill, and ramming the rear end of the passenger car, was put out of commission yesterday. In the accident no one was hurt, although some persons on the passenger car were badly shaken up.

The passenger car had stopped some distance south of the first bridge to discharge passengers. The work car had been at the switch, some distance up the hill, and had of its own accord, apparently started down the hill. It was impossible to stop it after it got a start it is stated, on account of some defect in the brakes and by the time it crossed the first bridge was going at a terrific speed. The other car was unable to pull out of its precarious location until the work car was upon it, and had smashed into it. By the accident the rear end of the passenger car was battered in but was able to continue its trip as far as the barn. Many of the passengers were badly frightened and shaken up, but no one was seriously hurt. The motorman of the work car was John Michener, and the conductor was George Howe.

# NEWSPAPER MEN TALK OVER COST OF PAPER

## Stole Violin Then Sneaks

### Member of "Perfesh" is Caught However, and Information Made Before Justice.

Evidentally feeling in need of a drink, and not having money with which to satisfy his desire, a "bum" this morning entered the store on Fallowfield avenue of M. Goldsmith, and took a violin, which was hanging by the wall. Mr. Goldsmith was at the Chinese laundry a short distance away at the time, but the man was seen to enter and later emerge from the shop by M. Melsher, across the street, who notified Chief of Police Albright. Together Melsher and Albright took up the trail, and soon captured the man on Washington avenue. Chief Albright made information before Justice of the Peace E. E. Rice on a charge of larceny.

## MAY VIEW ROOSEVELT IN ACTION

Theodore Roosevelt, the idol of the American people, will be at the Palace theatre next week, not in person, but in life motion pictures as he appeared in his famous hunting expedition through the heart of Africa. It may not be generally known that the ubiquitous moving picture man was at his heels at all times, and that many of his feats and adventures in hunting and trapping rare beasts and birds are preserved by the camera, and are now presented to the public exactly as they happened.

With characteristic enterprise Manager R. L. Barnhart has secured the full set of these pictures, two reels, for Monday and Tuesday of next week. The pictures were only released on Monday of this week, and were presented at the Grand theatre in Pittsburg. This great educational feature has been secured at great expense, but no extra admission will be charged and the usual house rates will prevail.

## Members of Valley Press Association Guests of Mail and Mirror

### THREE MEMBERS ADDED

### Nineteen are Present For the First Meeting of Body Since Last Winter

To shake hands, eat and talk, Monongahela valley newspaper men, composing the Monongahela Valley Press Asscia0tion, met in Charleroi last night at the Walfred Hotel, where they were guests of the Mail Publishing company, publishers of the Mail and Mirror. The meeting was the first one since last winter, and good interest was shown, 19 members appearing. The first course was a talk feast and smoke participated in by all except the late comers Then a dinner was served by W. R. Gaut, proprietor of the hotel. The feed was a good one and the way the newspaper men approached it, was suggestive of the proverbial hungry attack usually made by this representative class of half famished scissors pilots upon anything resembling substantials for the inner resident.

Following the meal, the party adjourned to the parlor of the hotel, where the business session was held.

Three members were received, W. S. Kisner, of the Brownsville Clipper-Monitor, Ed. Steinman, Jr., of the Fayette City Journal and Louis Goaziou of the Charleroi L'Union des Travailleurs.

The increasing price of paper, as discussed at a recent newspaper men's conventon in Pittsburg, was the subject of talks by J. Mac Calvin of the Donora News and L. E. Flint of the Monongahela Times. Other important matters to newspaper men were discussed, without action being taken. A schedule of meetings will be arranged by R. E. Kohler, second vice president, and J. Mac Calvin, the secretary.

Those present at the meeting were: L. E. Flint, Times, George Anderson, Republican, Monongahela; J. Mac Calvin, C. S. Lewis, News; Roman E. Koehler, Frank Mercer, American, Donora; L. M. Truxal, C. H. Truxal, Belle Vernon Enterprise; Ed. Steinman, Sr., Ed. Steinman, Jr., Fayette City Journal; Joe T. S. Cowen, Roscoe Ledger; H. L. Lamb, A. H. Lamb, L. L. O'Kane, California Sentinel; W. S. Kisner, Brownsville Clipper-Monitor; Louis Goaziou, L'Union des Travailleurs; H. E. Price, E. C. Niver, Floyd Chalfant, Mail-Mirror, Charleroi.

A vote of thanks was tendered the hosts of the evening for the entertainment and W. R. Gaut, proprietor of the Walfred, for the excellent service and courtesies rendered.

We're from Missouri and are not only willing but anxious to show you Men's Clothing. Every suit new, Berryman's, Charleroi, Pa. 208t3

To prepare for the revival meeting which are to be held by Rev. C. S. Joshua at the First Baptist church next week, prayer meetings are being held each evening this week. A meeting will be held this evening at the usual hour.

## Waste Paper Baskets.

In the enthusiasm of a "Town Beautiful" wave, which culminated in a big Civic Day demonstration yesterday, Monessen as a body is fully launched upon a town improvement campaign. Many things are being done to improve and brighten up the appearance of the steel town, and backed by a young and hustling population, the indications are that the movement will be lasting, even though the present fervor may be moderated with time.

One of the civic plans for the betterment of the town that Monessen is now agitating is baskets at the street corners for waste paper, banana skins and other refuse that is usually thrown into the streets. Charleroi, like the Dutchman's wife, whose husband nearly bought her a silk dress, has very nearly had such receptacles on divers occasion, but somehow they never materialized. Monessen, however, is likely to adopt this measure, which will very materially aid in keeping the town clean and attractive. The spirit of the town beautiful is being instilled into the school children there, and indications are that the movement for beautifying the town will become deep seated and permanent.

The ashman was raising a can of ashes above his head to dump the contents into the cart, when the bottom of the can came out. Ethel saw it and ran in and told her mother.

"He didn't say a word to me," replied the little girl; "he just walked right off by the side of his cart, talking to God."—Everybody's Magazine.

### Just a Little Exercise.

The elevator conductor of a tall office building, noticing that the colored janitor had ridden up with him several times that morning, remarked: "Sam, this is the fifth time I have taken you up, but you have not come down with me." ## 30 YEARS OF SUCCESS

**John W. Carroll Offers a Remedy for Cartarrh. The Medicine Costs Nothing.**

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relive catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk.

These are facts which we want the people to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physcian with whom catarrh was a specialty, and who has a record of thirty years of enivable success to his record.

We receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membraneous tract to destroy and remove the parasites which injure the membraneous tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and the blood and system of diseased matter. Its influence is toward stimulating the muco-cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucu-Tone, beginning a teatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

## To the Voters of Washington and Greene Counties:

I am not unmindful of the fact that the people of this country today demand of their public officials a high standard of service—that they want men to represent THEM. They are tired and disgusted with the system of politics which makes a man in public office entirely subservient to the dictates of a boss or a machine. They are unwilling longer to take a man for public office simply because he wesrs a certain party label. They demand the election of men to public office who as individuals possess the character to stand by them irrespective of any party affiliations, of any machine, and particularly of any interests.

The greatest public question today relates to the efficiency and integrity of administration. It is no one-section question, whether the people shall be imposed upon or not; it is an issue of justice and human rights everywhere that can be no more ignored than a conflagration. Recognizing this condition and being in sympathy myself with the desires of the people, I want to say to the voters, to you whom I ask for support, that if nominated and elected I WILL SERVE faithfully the interests of my constituents.

I submit my record in public, poeitical and business life as a guarantee of this. I point to the fact as an evidence of my sympathy with the Progressive Movement for better things in politics and legislation, that I have always been opposed to machines and and to bosses. My whole political activity has been devoted to fighting this system of political domination. Everything I have secured has been by fighting against, rather than fighting for, machines and bosses. This is my record. It is known to the voters of this senatorial district and it is the best evidence I can give that in the future you will find me fighting against a system which does not represent the people directly.

If nominated and elected State Senator in this district I will go to Harrisburg free from all entangling alliances, political, corporate, or of any nature whatsoever. I will be free to give my attention and best endeavors to legislation which will be for the benefit of all classes, the farmer, the merchant, the miner, the laboring men of all classes, the man who earns his bread by the sweat of his brow, and also the man of capital.

I speak freely and openly on this question because I recognize the fact that the people today feel their responsibility and will not elect any man to office in whom they cannot trust their interests. I hope to not only follow the people in their efforts along this line, but as a representative in the highest legislative body in this Commonwealth and of the best constituency of the Commonwealth, to help to lead the people to a higher standard of legislation and governmental policy. I am a progressive Republican. I believe in the fundamental principles of that party and am in hearty sympathy with every movement which has for its object the raising of the standard of political morality and the enactment of legislation which will be honestly for the people's interests.

I am, very truly yours,

**John W. Hallam.**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## ACTION OF OFFICIALS RATIFIED BY MINERS

### Charleroi Coal Mine Employees Hold Meeting Last Night

### DISTRICT OFFICIALS HERE

### Cincinnati Agreement Thoroughly Explained by Vice President and Organizer

The miners employed at the Charleroi Coal mines by a unanimous vo' last night, at a meeting held in Concordia Hall, ratified the action of the district officials in reaching agreements with the operators of the Charleroi Coal works, whereby the miners return to work on Monday morning. Present at the meeting were Van Bitner, vice president of the Pittsburg district, United Mine Workers, and George Gouzzie, a deputy organizer. Both made talks, explaining the Cincinnatti agreement by which the mines of Western Pennsylvania are resuming work.

The miners of the Charleroi works would like to return to the use of black powder, and if the State Department rescinds its ruling in regard to the use of permissible explosives may seek to turn away from the use of carbonite. For the present, however, carbonite will be used.

The miners of the Pittsburg Coal company have not yet returned to work, agreements not having been reached. Francis Feehan, the president of District No. 5 yesterday stated that about 8,000 men in this district had returned to work, and that he expected 20,000 to return next week.

## Teachers Visit Donora Schools

### Thirty-Five of Local Instructors Make a Profitable Trip Down River

Thirty-five of the teachers of the Charleroi schools with Superintendent J. G. Pentz at the head went to Donora yesterday, where they visited the Donora schools. The party went down on the 3:28 train leaving Charleroi and returned on the 5:18 train. The Donora schools held their Parents Day yesterday, and in the different buildings, there were displays something similar to those of the Charleroi schools a week or so ago, when Display and Parents' Day was held. The Charleroi party visited all the rooms in the Fifth street and all in the Castner school buildings, the trip being a profitable one. Prof. O. E. Rose, is the supervising principal of the Donora schools.

## LECTURES ON "JEAN VALJEAN"

One of the most pleasing lectures ever heard in Charleroi, was given by Dr. Witherspoon, pastor of the Emory M. E. church of Pittsburg, before the Athene Club, which was entertained at its final literary meeting of the year yesterday afternoon by Miss Minnie Richardson. The club had as its guests the Friday Conversational Club of Monongahela which attended in a body, and members of California, Canonsburg and Donora clubs.

Dr. Witherspoon lectured on that noted character of Victor Hugo's, "Jean Valjean," in his masterpiece, "Les Miserables." The speaker paid a glowing tribute to Hugo as an author and deep thinker, and then taking up the discussion of "Jean Valjean," whom he pictured as one of the most loving characters in literature, but at the same time one of the most misunderstood. Dr. Witherspoon has several lectures, but the one given yesterday afternoon is considered one of his best. He impressed the club women as a profound thinker and deep student and is a most pleasing speaker.

### Has Propensities for Lifting Safes and Other Light Things

A man who styles himself Professor Franks, and who claims title to being the strongest man in the world, dropped into the Mail office last night, and was introduced by Organier Ed. Baker of the Retail Clerk's Union, a personal friend. Franks is scheduled to appear on Fifth street this afternoon and evening in an easy performance. He will lift safes, pull a team of horses, play a jack for an automobile, and accomplish other easy stunts.

Thomas Hastings and W. W. Piper went to Uniontown this morning on business.

## WORK CAR, BEYOND CONTROL, RUNS INTO PASSENGER CAR AT THE LOCK

### Wrecks Rear End of Latter, and Gives Passengers Good Shaking Up---No One Seriously Hurt.

The Pittsburg-Charleroi car due in Charleroi at 3:45 o'clock, through a work car getting away on Lock Hill, and ramming the rear end of the passenger car, was put out of commission yesterday. In the accident no one was hurt, although some persons on the passenger car were badly shaken up.

The passenger car had stopped some distance south of the first bridge to discharge passengers. The work car had been at the switch, some distance up the hill, and had of its own accord, apparently started down the hill. It was impossible to stop it after it got a start it is stated, on account of some defect in the brakes and by the time it crossed the first bridge was going at a terrific speed. The other car was unable to pull out of its precarious location until the work car was upon it, and had smashed into it. By the accident the rear end of the passenger car was battered in but was able to continue its trip as far as the barn. Many of the passengers were badly frightened and shaken up, but no one was seriously hurt. The motorman of the work car was John Michener, and the conductor was George Howe.

## Stole Violin Then Sneaks

### Member of "Perfesh" is Caught However, and Information Made Before Justice.

Evidentally feeling in need of a drink, and not having money with which to satisfy his desire, a "bum" this morning entered the store on Fallowfield avenue of M. Goldsmith, and took a violin, which was hanging by the wall. Mr. Goldsmith was at the Chinese laundry a short distance away at the time, but the man was seen to enter and later emerge from the shop by M. Melsher, across the street, who notified Chief of Police Albright. Together Melsher and Albright took up the trail, and soon captured the man on Washington avenue. Chief Albright made information before Justice of the Peace E. E. Rice on a charge of larceny.

## MAY VIEW ROOSEVELT IN ACTION

Theodore Roosevelt, the idol of the American people, will be at the Palace theatre next week, not in person, but in life motion pictures as he appeared in his famous hunting expedition through the heart of Africa. It may not be generally known that the ubiquitous moving picture man waa at his heels at all times, and that many of his feats and adventures in hunting and trapping rare beasts and birds are preserved by the camera, and are now presented to the public exactly as they happened.

With characteristic enterprise Manager R. L. Barnhart has secured the full set of these pictures, two reels, for Monday and Tuesday of next week. The pictures were only released on Monday of this week, and were presented at the Grand theatre in Pittsburg. This great educational feature has been secured at great expense, but no extra admission will be charged and the usual house rates will prevail.

### Members of Valley Press Association Guests of Mail and Mirror

## THREE MEMBERS ADDED

### Nineteen are Present For the First Meeting of Body Since Last Winter

To shake hands, eat and talk, Monongahela valley newspaper men, composing the Monongahela Valley Press Assciaotion, met in Charleroi last night at the Walfred Hotel, where they were guests of the Mail Publishing company, publishers of the Mail and Mirror. The meeting was the first one since last winter, and good interest was shown, 19 members appearing. The first course was a talk feast and smoke participated in by all except the late comers Then a dinner was served by W. R. Gaut, proprietor of the hotel. The feed was a good one and the way the newspaper men approached it, was suggestive of the proverbial hungry attack usually made by this representative class of half famished scissors nilots upon anything resembling substantials for the inner resident.

Following the meal, the party adjourned to the parlor of the hotel, where the business session was held.

Three members were received, W. S. Kisner, of the Brownsville Clipper-Monitor, Ed. Steinman, Jr., of the Fayette City Journal and Louis Goaziou of the Charleroi L'Union des Travailleurs.

The increasing price of paper, as discussed at a recent newspaper men's conventon in Pittsburg, was the subject of talks by J. Mac Calvin of the Donora News and L. E. Flint of the Monongahela Times. Other important matters to newspaper men were discussed, without action being taken. A schedule of meetings will be arranged by R. E. Kohler, second vice president, and J. Mac Calvin, the secretary.

Those present at the meeting were: L. E. Flint, Times, George Anderson, Republican, Monongahela; J. Mac Calvin, C. S. Lewis, News; Roman E. Koehler, Frank Mercer, American, Donora; L. M. Truxal, C. H. Truxal, Belle Vernon Enterprise; Ed. Steinman, Sr., Ed. Steinman, Jr., Fayette City Journal; Joe T. S. Cowen, Roscoe Ledger; H. L. Lamb, A. H. Lamb, L. L. O'Kane, California Sentinel; W. S. Kisner, Brownsville Clipper-Monitor; Louis Goaziou, L'Union des Travelleurs; H. E. Price, E. C. Niver, Floyd Chalfant, Mail-Mirror, Charleroi.

A vote of thanks was tendered the hosts of the evening for the entertainment and W. R. Gaut, proprietor of the Walfred, for the excellent service and courtesies rendered.

## Waste Paper Baskets.

In the enthusiasm of a "Town Beautiful" wave, which culminated in a big Civic Day demonstration yesterday, Monessen as a body is fully launched upon a town improvement campaign. Many things are being done to improve and brighten up the appearance of the steel town, and backed by a young and hustling population, the indications are that the movement will be lasting, even though the present fervor may be moderated with time.

One of the civic plans for the betterment of the town that Monessen is now agitating is baskets at the street corners for waste paper, banana skins and other refuse that is usually thrown into the streets. Charleroi, like the Dutchman's wife, whose husband nearly bought her a silk dress, has very nearly had such receptacles on divers occasion, but somehow they never materialized. Monessen, however, is likely to adopt this measure, which will very materially aid in keeping the town clean and attractive. The spirit of the town beautiful is being instilled into the school children there, and indications are that the movement for beautifying the town will become deep seated and permanent.

### A Religious Ashman.

The ashman was raising a can of ashes above his head to dump the contents into the cart, when the bottom of the can came out. Ethel saw it and ran in and told her mother.

"I hope you didn't listen to what he said," the mother remarked.

"He didn't say a word to me," replied the little girl; "he just walked right off by the side of his cart, talking to God."—Everybody's Magazine.

### Just a Little Exercise.

The elevator conductor of a tall office building, noticing that the colored janitor had ridden up with him several times that morning, remarked: "Sam, this is the fifth time I have taken you up, but you have not come down with me." "Well, you see," Sam replied, "Ah been washin' windows on de 'leventh floor, and every now and agin' Ah misses mah hold and falls out."—"Success Magazine."

## 30 YEARS OF SUCCESS

John W. Carroll Offers a Remedy for Cartarrh. The Medicine Costs Nothing.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relive catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk.

These are facts which we want the people to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physcian with whom catarrh was a specialty, and who has a record of thirty years of enivable success to his record.

We receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membraneous tract to destroy and remove the parasites which injure the membraneous tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and the blood and system of diseased matter. Its influence is toward stimulating the muco-cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucu-Tone, beginning a teatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

RUNNING DOWN our palate tickling menu card you will always find some just-right favorite dish each day. We're not serving butterfly wings, but just the most appetizing, choicely selected line of Good Foods daily that will keep you well and happy. Popular prices. The Right Restaurant---Ours.

## To the Voters of Washington and Greene Counties:

I am not unmindful of the fact that the people of this country today demand of their public officials a high standard of service—that they want men to represent THEM. They are tired and disgusted with the system of politics which makes a man in public office entirely subservient to the dictates of a boss or a machine. They are unwilling longer to take a man for public office simply because he wears a certain party label. They demand the election of men to public office who as individuals possess the character to stand by them irrespective of any party affiliations, of any machine, and particularly of any interests.

The greatest public question today relates to the efficiency and integrity of administration. It is no one-section question, whether the people shall be imposed upon or not; it is an issue of justice and human rights everywhere that can be no more ignored than a conflagration. Recognizing this condition and being in sympathy myself with the desires of the people, I want to say to the voters, to you whom I ask for support, that if nominated and elected I WILL SERVE faithfully the interests of my constituents.

I submit my record in public, poeitical and business life as a guarantee of this. I point to the fact as an evidence of my sympathy with the Progressive Movement for better things in politics and legislation, that I have always been opposed to machines and and to bosses. My whole political activity has been devoted to fighting this system of political domination. Everything I have secured has been by fighting against, rather than fighting for, machines and bosses. This is my record. It is known to the voters of this senatorial district and it is the best evidence I can give that in the future you will find me fighting against a system which does not represent the people directly.

If nominated and elected State Senator in this district I will go to Harrisburg free from all entangling alliances, political, corporate, or of any nature whatsoever. I will be free to give my attention and best endeavors to legislation which will be for the benefit of all classes, the farmer, the merchant, the miner, the laboring men of all classes, the man who earns his bread by the sweat of his brow, and also the man of capital.

I speak freely and openly on this question because I recognize the fact that the people today feel their responsibility and will not elect any man to office in whom they cannot trust their interests. I hope to not only follow the people in their efforts along this line, but as a representative in the highest legislative body in this Commonwealth and of the best constituency of the Commonwealth, to help to lead the people to a higher standard of legislation and governmental policy. I am a progressive Republican. I believe in the fundamental principles of that party and am in hearty sympathy with every movement which has for its object the raising of the standard of political morality and the enactment of legislation which will be honestly for the people's interests.

I am, very truly yours,

John W. Hallam.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

# The Emerson Shoe

HONEST ALL THROUGH

FOR Spring and Summer the tan Oxford for every day and patent leather for dress, but it must be an Emerson to be correct. Cut on an exclusive pattern, the Emerson Oxford fits closely to the ankle and does not stretch under service and flare at the edges. The nobbiest of styles are combined with a perfect and comfortable fit.

The tradmark "Honest all through" stands back of the wearing quality.

May we demonstrate these points to you by trying a pair on you?

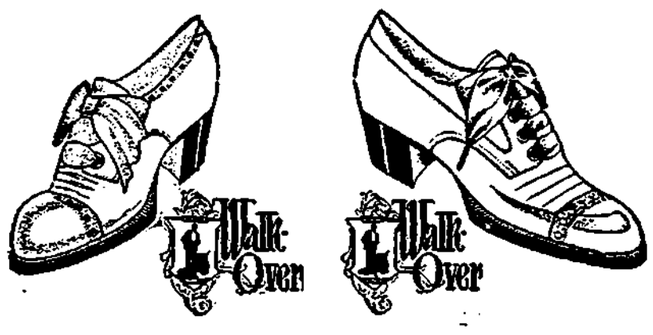
# Shoes and Oxfords
## for men who know



Men, who know, come here for their shoes and oxfords.

The man who wishes to invest $3.00 in a pair of shoes or oxfords selects a pair of our lace or blucher styles of patent or gunmetal calf; is correctly fitted and goes away knowing he has the best shoes $3 can buy.

The man who cares to invest $4.00 or $5.00 in a pair of shoes or oxfords, selects a pair of our patent colt, gun metal or kid skin shoes in high or low cut, button or blucher, and knows that he is getting the best of shoes because he has bought here before.

And so it goes from day to day, while the Men who Know are coming here for shoes.
